

Thank you Dave and Judy for partnering with us in our most recent Encounter. It was beautiful. We are so happy for everyone who came and set aside three days to meet with the Lord. Over this past week, the testimonies have continued to flow in of

how God came and did such a wonderful thing for each person. He came with gentleness and ministered healing over peoples' lives. It has been so great to see the impact on the homes of those who came. This is where we really see the fruit of an Encounter with God. He doesn't just change lives, He changes homes and families. We understood from the Lord prior to the Encounter, that there was going to be a special work in people's families. There truly was!

Pastor Mark Eshelman, Ignited Church

Encounter is like a Bungee Jump!! Placing your body, soul and spirit into the hands of our loving God is 100% safe! I've watched people bungee jump, and while I have noted exhilaration and joy on their face, it pales to the reaction of God's people who were set free. Laughter, tears, dancing, worship, shouting, and celebration came from those experiencing freedom and encountering the Father's heart. Seeing God touch and heal lives, and participating in the celebration of restoration was my biggest blessing.

“Wow, He did not disappoint!” My biggest goal for the weekend was to experience God's love. I always struggled with being able to give and receive love, often pushing people away, holding them at an arms distance, even those I cared about the most. I knew God to be a creator of love, therefore who better to learn from! I wanted to experience all His love, and be so filled with God's love that it would flow out of me and affect those around me. When I went forward for prayer I was prepared to surrender myself to God and receive all that He had to give and WOW, He did not disappoint! It was so amazing to bask in the love of my Abba Daddy. The change in me was immediate. I began to see the world in a much different light. The hugest impact was seen in my marriage, being able to love and be loved wholeheartedly. All the past hurts that had caused me to push away just seemed to fall off of us. I am so thankful for the changes God made in me and I can't wait to share God's love with others!
